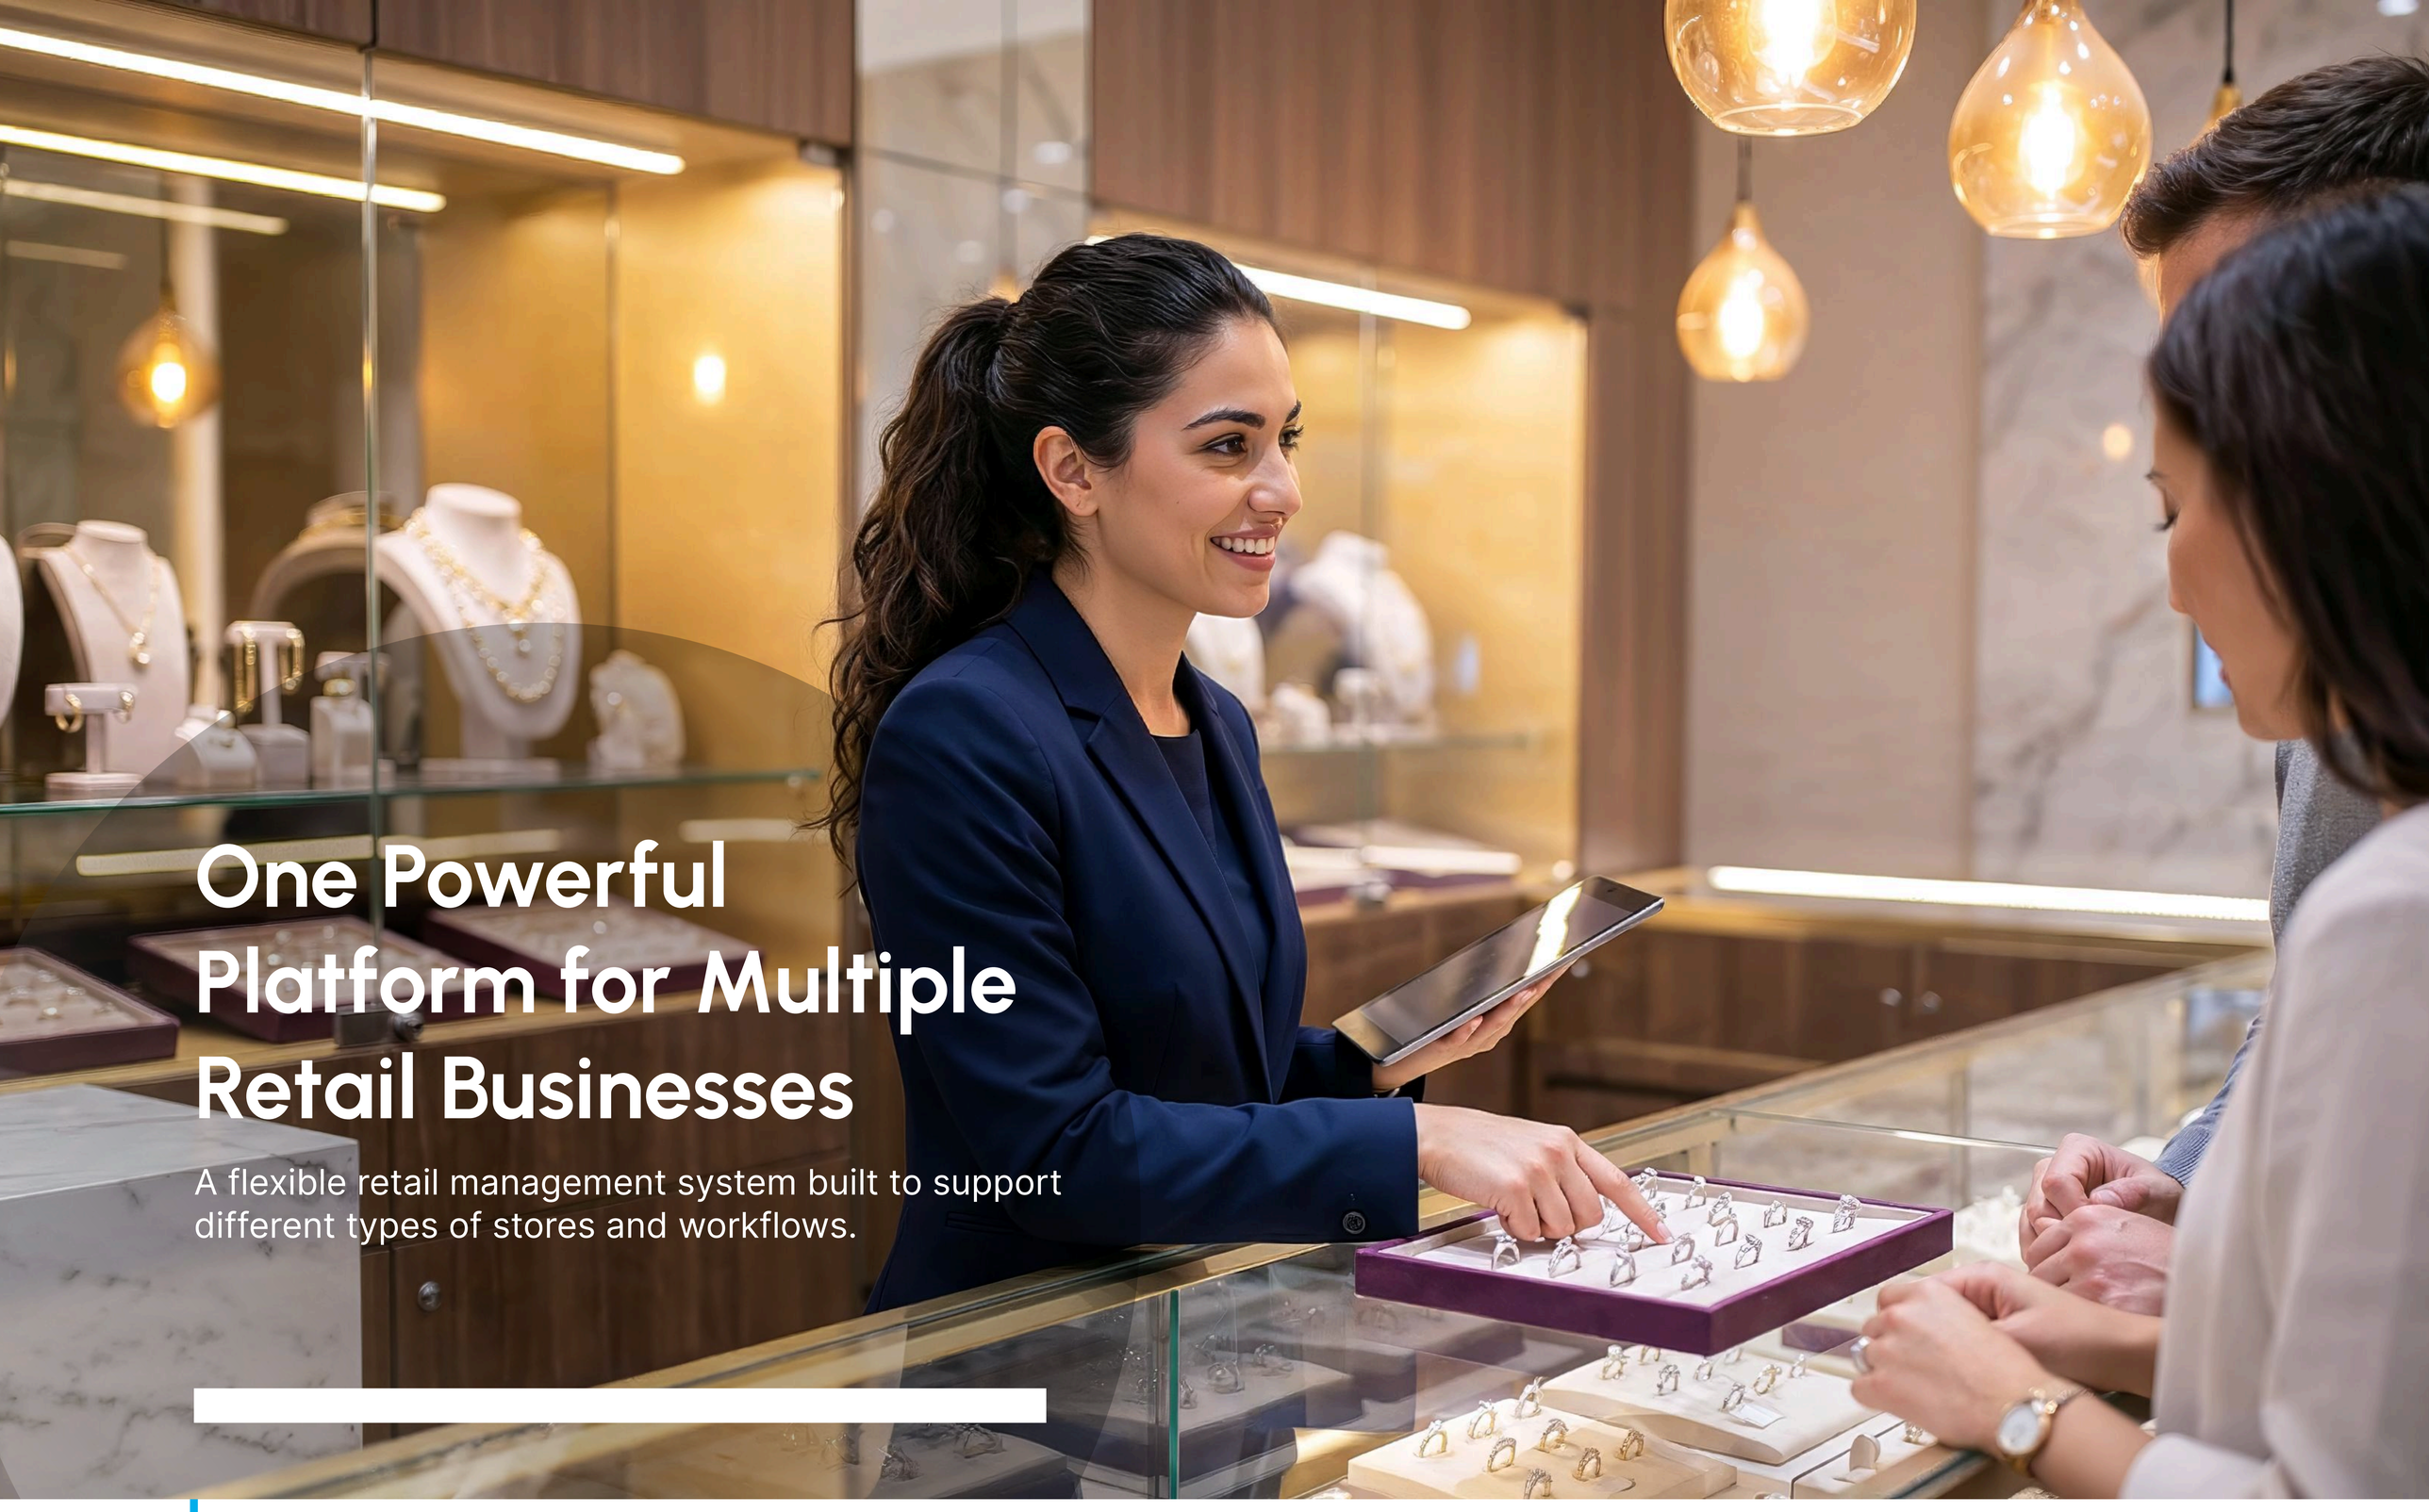
Smart Retail Management Software for Modern Businesses

Manage billing, inventory, customers, and accounting from one powerful platform built for retail businesses.

Designed for Supermarkets, Textile Stores, Mobile Shops, Jewellery Stores, and Diamond Dealers, Moiboo helps automate your entire business workflow.

From POS billing and inventory tracking to AI-powered insights, everything you need to run and grow your retail business is available in one simple system.

www.moiboo.com



One Powerful Platform for Multiple Retail Businesses

A flexible retail management system built to support different types of stores and workflows.

Supermarket & Minimart

Fast POS billing, inventory tracking, and integrated weighing machine support for grocery and minimart operations.

Textile Stores & Boutiques

Manage product variants, barcodes, inventory, and billing for fashion retail and boutique businesses.

Mobile & Computer Shops

Track IMEI numbers, manage accessories inventory, and simplify electronic retail sales and service.

Jewellery Stores

Handle gold rates, barcode tags, inventory tracking, and showroom billing with precision.

Diamond Dealers

Track diamond inventory, manage orders, and maintain detailed stock and transaction records.

Moiboo adapts to the unique needs of every retail business, delivering a smarter and more efficient way to manage operations.

Powerful Features to Run Your Retail Business Smarter

All the tools you need to manage sales, inventory, customers, and operations from a single intelligent platform.

AI Insights & Smart Automation

- AI-powered insights analyze sales trends and customer behavior.
- Automate business operations and improve profitability with smart recommendations.
