Complete Digital Solutions for Every Workshop Operation

Moiboo offers specialized modules designed to handle different workshop operations efficiently. From repair servicing to fleet maintenance, the platform helps workshops manage every task in one centralized system.

Repair & Servicing

Manage complete vehicle repair and servicing operations in one platform.

Create job cards, track service progress, and ensure timely vehicle delivery.

Own Fleet Management

Monitor and maintain company-owned vehicles with scheduled service tracking.

Keep records of maintenance history and ensure vehicles stay road-ready.

Accident & Insurance Claim

Handle accident repair processes and insurance claim documentation smoothly.

Track repair status, approvals, and claim updates without manual paperwork.

Mobile Workshop

Provide vehicle servicing at customer locations with mobile workshop support.

Assign field technicians, track service tasks, and update jobs in real time.

One platform to manage repairs, claims, fleets, and mobile services.

Smart Features to Power Your Workshop Operations

Moiboo provides a complete set of tools that help workshops manage daily operations, track service activities, and improve overall efficiency with a centralized digital platform.

AI Gemini Integration

- Leverage advanced AI assistance with Gemini integration to support smarter workshop operations.
- Get intelligent insights, quick data access, and improved decision-making for faster service management.

Job Card & Service Management

- Create and manage job cards for every vehicle service or repair job.
- Track service progress, technician tasks, and delivery timelines easily.

Inventory & Spare Parts Control

- Monitor spare parts availability and stock movement in real time.
- Avoid shortages and manage purchases with smart inventory tracking.

Technician & Workflow Management

- Assign repair jobs to technicians and monitor their performance.
- Improve workflow efficiency and ensure faster service completion.

Customer & Vehicle History Tracking

- Maintain detailed records of customer information and vehicle service history.
- Provide better support with quick access to past repairs and maintenance.

Reports & Business Insights

- Generate detailed reports on workshop performance and service revenue.
- Gain valuable insights to make smarter operational decisions.

Run your workshop smarter, faster, and more efficiently with Moiboo.

Built for Compliance. Trusted by Global Standards.

Moiboo aligns with leading government authorities and industry frameworks to ensure secure, compliant, and reliable business operations.
